Scott and Alan have been performing together in Universal Sound since 1982. Danny has been with the band for the past 17 plus years. It goes without saying that we must like what we do and everyone out there likes it as well!

Universal Sound welcomed its newest member, Randy Glodowski on guitar and vocals in June, 2014. While new to Universal Sound, Randy has worked for years with Alan and Danny in the context of other musical projects.
