Start Date: 12/9/2022 6:30 PM

End Date: 12/9/2022 9:30 PM

Live Acoustic Music + Anchor's Friday Fish Fry!

Emily has performed throughout the midwest with various bands for festivals, weddings, and private events. Large festivals include Milwaukee Summerfest, Twin Lakes Country Thunder, and Country Fest Cadott. She has been fortunate enough to share the stage with national country artists Joe Nichols, JoDee Messina, Nikko Moon, Craig Campbell, Chris Jansen, and Keith Anderson. In 2018 she was honored to receive a Wisconsin Area Music Industry Award for string player of the year and has lately extended down to Texas performing in the Fort Worth Stockyards. She has also spent time creating and recording fiddle melodies across the Midwest and Nashville for multiple rising country artists for upcoming albums.

Knutson developed a love for guitar and singing over the last decade and has dove into the realm of songwriting. Her focus is mainly 90s to early 2000s country, but you will hear some classic rock sprinkled in along with Texas country. Her hope is to bring a sense of nostalgia to her listeners and open their ears to artists they might not yet have discovered
